New Enhanced Features, Design Come To Employ Florida Website

User-friendly System Aims To Assist With Job Searches, State Workforce Needs

FORT LAUDERDALE, Fla. – Jan. 26, 2017 – Employ Florida, the state’s leading job search website and mobile app, recently debuted a new look with several enhancements to make it even easier for job seekers to find their next career path.

Employ Florida, a service provided by the Florida Department of Economic Opportunity, is a free, one-stop online system for job listings, education and training opportunities, career building assistance and more. The site, which was originally launched in 2005, also offers a multitude of resources for employers to post job openings, find qualified candidates and access a wide variety of information designed to help businesses succeed.

“Securing a great job is the highest priority for so many Floridians, and I am committed to assisting job seekers to find meaningful employment that provides a path to prosperity for themselves and their families,” said Cissy Proctor, Executive Director of the Florida Department of Economic Opportunity. “Last year, we launched the Employ Florida Mobile app to help connect Floridians with job opportunities on the go, and this year we are proud to bring new improvements to our premier job search tool.”

Job seekers that visit the website will notice a more expedited registration process, enhanced search functionalities and new filters that allow individuals to tailor their job search for their particular needs. Also, employer users have the ability to research labor market information on salaries and can even share jobs on social media networks, such as Twitter and Facebook. Currently, Employ Florida lists nearly 800 job openings in Broward County, with the top advertised jobs in the area including registered nurses, sales representatives, customer service representatives, and computer user support specialists.

“This online system is a powerful source for not only job seekers and employers, but for students, case managers, training providers and others seeking career guidance and services,” said Mason C. Jackson, President/CEO of CareerSource Broward. “These new enhancements offer fast access to a complete set of employment tools and was designed to be comfortable for everyone – even the person who may have little to no computer experience.”

For additional information about Employ Florida, visit www.employflorida.com. To learn more about CareerSource Broward and its program and services, job seekers can call (954) 677- 5555 and employers can call (954) 677-JOBS (5627), or visit www.careersourcebroward.com.
