Employer Testimonial

"CareerSource Broward has been an excellent partner in providing us Veterans and other candidates as the company acquires new business. The access to diverse candidates at no cost to the employer, coupled with the ability to assist with pre-screening and advising throughout the candidate review process, reduces the time a company has to invest in recruiting. In addition, the On-the-Job Training program allows businesses to make hires for entirely new positions that are financially subsidized and supports the adequate time for training individuals."

Customer Testimonial

"CareerSource Broward's Startup Now program has far exceeded my expectations. It goes way beyond a blueprint for converting ideas into a cohesive and successful business. The program provides an invaluable insight into the world of investing and how to attract the attention, interest and, most importantly, trust of investors. Whether you seek outside investment or not, you will end the program with a better, more intelligent business plan with a much greater likelihood of success."
